Subject: FOR ACTION. European Erasmus+ Project I-RESTART. Questionnaire on skills

To Members of the Management Council

To Supply Chain working group members

FOR ACTION

Dear Member,

According to our commitments to upskilling and reskilling adults, we want to bring to your kind attention the following survey.

The European Erasmus+ Project I-RESTART has made some big leaps in the identification of skill needs among the agrifood- and veterinary sectors. Focus group evaluations hinted at necessary training actions to fill some educational gaps.

To further narrow down these ideas, the I-Restart consortium launched a questionnaire, which should gather a much wider number of opinions among the European population. Support us with your opinion about necessary training offers and contribute to the future of European educational systems for the food industry, animal production and veterinary sectors!

It will take just 5-10 minutes (about 5 min for animal production/food industry and 10 min for veterinary sector) of your time!

Follow the link of your preferred language choice, or scan the QR code with your mobile phone:
